Springfield, Ills., June 1,-The conernoon, having accomplished nothing. The operators say "every man for himself and the devil take the hindmost."

Last night President McBride of the United Mine Workers left for Columbus, O. Before leaving he and Vice President Penna addressed a monster meeting of miners in front of the conrthouse. Both speakers attributed the blame for the fuilnro of the conference of the operators to the refusal of the Consolidated Coal company to enter it. President Mc-Bride said that had Charles Ridgley, the president of the Consolidated Coal company, gone in, a basis for a settlement would have been urrived at and the strike ended. This was the third conference of operators and both officers charged that the continuance of the strike after each was chargeable to the Consolidated recoils.

No stages have entered or left Cripple Creek for the past 24 hours and no rallway communication has been had for three days. In consequence anxiety is increasing on the part of those who wish to leave. In spite of rain and bad roads, many men have sent their wives and children to places of safety.

The miners have great faith in Governor Waite being able to adjust matters with the mine owners so that work may be started on all idle properties by the first of the week at the latest. They are greatly put out that his excellency has been delayed in his jonrney to Colorado Springs by washouts.

LAWLESSNESS AND INSURRECTION. The Trouble at Cripple Creek Has Gone Entirely Too Far.

COLORADO SPRINGS, June 1.-The anthorities have notified the mine owners, who have properties at Cripple Creek, that the trouble in that district hus gone entirely beyond the question of wages or of arbitration of wages. It is now, they state, entirely one of putting down the lawlessness and insurrection existing in the district, and they propose to make every effort to do this.

For this purpose a special session of the grand jury has been called and the Cripple Creek cases will at once be taken up. People who live and do business in Cripple Creek are coming to Colorado Springs in large numbers, as they state they no longer dare remain at their homes. The majority have been ordere to leave by the striking miners. They tell stories of outrageous treatment and innumerable thrents from the strikers.

Deputies Sent to Cripple Creek.

DENVER, June 1 .- The sheriff sent 150 more deputies to Cripplo Creek yesterday. They were all armed with Winchesters, carried blankets, and were equipped for hard service. They will stop at Colorado Springs until the road into the camp has been repaired. Chlcago has offered 1,000 men at \$2 n day. but the proposition was declined by Sheriff Bowers of Colorado Springs.

A BOLD MOVE.

Business Meu Resolve to Protect Nonunion Miners.

LEAVENWORTH, Kan., June 1.—Business men of Leavenworth, fully 500 strong, made a bold move in a big massmeeting yesterday evening. They resolved unanimously to give the miners of this city, who desire to work, protection in the fullest sense of the word, and if necessary resort to physical force in the accomplishment of this end.

General Johnson, who commands the strikers forces, served with Captain Zalinski in the United States army, and it is said his knowledge of the principles of the Zalinski dynamite guns has enabled him to construct a dangerous weapon, which will be used against the dennties. It can throw dynamite sevdeputies. It can throw dynamite several hundred feet.

Such decided action was made imper-ative by the assemblage of a number of Missouri strikers at the North Leavenworth shaft yesterday morning when one-third of the men employed there

were forced to return home.

Ex-Mayor Hacker presided, and stated

meeting to inform it of their willingness to work, and asked for protection.

While the meeting was in progress 100
Missouri miners and sympathizers,
headed by a man named McGregor,
marched to the city hall, where the citizens were assembled. About half the
strikers forced their way inside and McGregor asked permission to talk. He
began a thrade against the people, and
openly defied the assemblage and the
city und the country of Leavenworth.
He was stopped by Colonel Anthony,
who made a motion that McGregor be
driven from the building and out of the
city forthwith, and that his emisaries
be dispersed. An awful nproar followed, but peace was finally restored
with difficulty. A committee was appointed to organize volunteers for the
protection of the miners. While the meeting was in progress 100

IN PENNSYLVANIA.

Governor Pattison Denounced For the Proclamation.

SCOTTDALE, Pa., June 1.—The leaders of the miners' organization are strongly opposed to Governor Pattison's proclamation. Not one of them recognized any necessity for such a manifesto, and all deny that he has any constitutional authority for the demands made in it. There is but one feeling among the strikers, extending from the lenders down to the last of the foreign arrivals in the country.

That is expressed in their determined declarations that they have an undisputed legal and logical right to march in peace along the public highways, and to hold meetings wherever anybody has the right to public assembly; and that they will continue to exercise these rights until stopped by an overpowering force in the shape of the bullets and

bayonets of the state troops.

The speakers disclaimed any intention to do violence, and scored the calling out of the troops. It was asserted that It was not a strike, but merely a suspension of labor, and that they proposed to stand firm until the demands were satisfied in other fields.

Miners Forced to Quit.

KEOKUK, Ia., June 1.—A delegation of strikers marched from Centerville to Dean. Ia., yesterday afternoon, and forced the inliners in a private mine operated for the Keokuk and Western railway to stop work. The railroad is hard pressed for fuel, and has taken off local freight trains two days each week.

The existing troubles do not seem to have any effect apon the recruiting, some 300 men having joined the army since its arrival here.

Deputy Sheriff Smlth of Butler, Mo., left here last night, having in custody Attorney General James W. Ballger of General Kelly's army. Badger is wanted at Butler on the charge of carrying concealed weapons, having, it is said, jumped a bond of \$100 in this case about four years ago.

Fry Did Not Go Fur Enough.

HUNTINGTON, W. Va., June 1. -General Fry's army of commonwealers, 800 strong, were expected to reach this city last night on their way up the Ohio river, and a big lot of provisions awaited them here merchan which had been gathered by the labor unions. At 9 o'clock, however, they laid up at Burlington, O., four miles below here. Hundreds of people had flocked to the banks of the river to see them and were disappointed.

Early last night word was received that a body had been found two miles down the river, and it has been sent for. Various rumors of other fatalities are current, but these alone have been verified as above.

Mrs. Gallen, who lives at Union avenue and D street, says late Wednesday night she saw a man fall into a holo over which the water was rushing at a rapid speed. His two companions made an ondeavor to pull him out, but the water carried the man away, she says, and his companions hastened away for

their own safety.

Half a dozen rumors of a similar nature are current. Some have been exploded by the persons said to have been lost turning up, and the others are discredited. Most of the sensational stories

have been proven untrue. Fortunately as the waters receded the indications became more favorable for a smaller property loss than was at first expected, and it is now believed that \$100,000 will cover most, if not all, of the damage. The gold receipts at the Denver mint in May amount to \$506,923. In May, 1893, the receipts were \$99,148, showing for the past month an increase of 411 per cent. At this rate of increase there ought to be plenty of the yellow metal after awhile.

NEWSPAPER readers have no doubt noticed that most of the trouble and disturbances resulting from the present coal strike have been caused by a lot of foreign miners. Our contemporary should brush up in history a little, the Courier-Jonrnal replies. The great Walker tariff law passed the Senate in less than a month after it was received from the House.

The Republicans seem to have an idea that they can elect some of the candidates whom they may nominate at their approaching convention, and this not because they have anything like a majority of the voters, but they are counting largely on disaffection in the ranks of their opponents. Then will be the time for every man calling himself a Democrat to undeceive these gentlemen by voting the straight ticket, no matter who the Republicans may select as their nominees, nor by what names they may be known. Let them be given to understand that Democrats are not a lot of ninnies, ready to be hoodwinked by a set of deceitful demagognes; and that if their hope of electing any of their nominees depends on Democratic votes, they are reckoning without their host.

Is Goebel a Candidate?

FRANKFORT, May 30 .- Hon. Win. Goebel, of Covington, will probably not be a candidate for Judge of the Court of Appeals. Senator Goebel was here a day or two ago, and was in close consultation with Anditor Norman, Attorney General Hendrick and other political friends. They admit that he may not be a candidate, and assign us a reason that he does not want to give up his large and lucrative law practice. The opinion among well informed politicians is that Mr. Goebel will maintain a position so as to name the Kenton County delegates. In the event that he is not a candidate he would then be enabled to throw the nomination to Colonel George Washington, of Newport.

A small list of accounts were allowed and ordered paid, together with the salaries of the teachers for the month.

The Committee on Buildings was given further time to report as to the necessity of an addition to the colored school building and the advisability of selling the Fifth and Sixth ward buildings and erecting a new house on the public square at Third and Union streets for the two wards named.

The trustees of the colored school in Sixth ward were authorized to contract for the room now used for another year at \$3.50 rent per month.

Principal Rowland, of the High School, addressed the Board on the subject of grading and promoting the pupils. Heretoforo an averago of 60 per. cent. entitled a pupil to promotion. Mr. Rowland thought this was too low, especially to promote a pupil from one school to another. Children only ten years of ago had gotten into the Intormodiate school under this low grading. These were not prepared to take up the studies of that department and as a result they held the classes back, and some of them after a three years course in the Intermediate

school were not yet ready to go up higher. Mr. E. Swift, Principal of district No. 4, suggested there ought to be a uniform | Chenoweth's Hoadache Cure will relieve system of examinations, especially for promotions, and he said the teachers were unanimous on this point. Ho offered a resolution which the teachers had a greed upon, bearing on the subject. This day, and the General Association will fixes the general average at 70 per cent. with not less than 60 per cent, in arithmetic and grammar and not less than 50 per cent. in other studies.

The matter of grading and questions for oxamination was referred to the Board of Examiners. The Board will meet next Monday at 4 p. m.

The resolutions offered by Mr. Swift were referred to the Committee on Rules and Regulations.

LUMBER FINALLY DISPOSED OF.

Senator Sherman Makes the Opening Speech-Substitute For the Hawailan Resolution Introduced and Passed In the Senate-State Bank Tax Bill Discussed in the Honse, but No Action Taken.

Washington, June 1.-There was a good attendance on both sides of the political aisle when the senate met Thursday. Senator Turpie presented a set of resolutions adopted by the legislature of Ohio, protesting against the Russian extradition treaty. Schator Hill bribery investigation committee to throw open its doors to the public. It it is id down and refused to fight at ail. went over.

Senator Turpio offered a joint resolution declaring that it was no longer to sex. the interest of the United States to continue the treaty with Russia ratified on April 21, and that notice be served upon the Emperor of Russia that the United States purposes to terminate that treaty at the expiration of six months, the time required to be given by the treaty. He also reported from the committee on foreign affairs a resolution, with a unanimous recommendation that it pass, a substitute for the Hawaiin resolution reported some months ago. It made no reference to annexation, and was as fol-

RESOLVED, By the senate of the United States, that of right it belongs wholly to the people of Hawaii to establish and maintain their own form of government and domestic policy; that the United States ought not in any way to interfere therewith and that interference in political affairs of these islands by any other government will be regarded as an act unfriendly to the United States.

The resolution was passed unanimous-, 55 senators voting for it. Senator Mills did no vote.

Mills did not vote.

Senator Peffer (Pop., Kan.) offered a resolution, which was appropriately referred, instructing the judiciary committee to report whether the government of the United States could by virtue of an act of congress constitutionally take possession of, and hold for public uses, paying compensation therefor, all the coal beds of the country.

The tariff bill was taken up. Several amendments offered to the lumber paragraphs looking to a duty on rough lumber, were voted down by a strict party vote.

Senator Ailen then moved to strike out Paragraph 17, as follows: "Lumber of any sort, planed or finished, on each side so laned or finished, 50 cents per thousand feet, board measure; and, if planed on one side and tongued and grooved, \$1 per thousand; and, if planed on two sides and tongued and grooved, \$1.50 per thousand, and in estimating board measure under this schedule, no deduction shall be made on account of

planing, grooving or tonguing."
Senator Vest surprised the Republicans when he announced that the amendment would be accepted by the Democratic side. As the amendments to the lumber schedule was being voted on made on Wednesday, the vote was immediately taken, and it was agreed to-35 to 24—a strict party vote, Messrs. Peffer and Allen, Popullsts, voting in favor of it. This will have the effect of putting all lumber on the free list.

The sugar schedule of the tariff bill was reached and Senator Sherman of Ohio took the floor and delivered a carefully prepared speech on the general subject of the tariff, and was listened to with marked attention. He alluded to the differences in the Democratic ranks on tariff questions, and contrasted Mr. Cleveland's letter of acceptance with the Democratie platform of 1892. charged that the sugar schedule had been drawn by the refiners. He denounced the protection given the sugar trust and declared that it was fiveeightlis of one cents or equal to the entire cost of refining sugar, including the wear and tear of machinery. Before elosing Mr. Sherman devoted some time to the discussion of the income tax. An income tax, he said, was indefensible unless it was levied against all incomes alike. To single out a class was communism. Mr. Sherman finished at 2:45, after having spoken three hours.

Mr. Camden (Deni., W. Va.) followed with a brief speech.

Mr. Doiph (Rep., Or.) then took the floor and occupied the rest of the afternoon in speaking on the sugar schedule. At 6 o'clock he yielded to Mr. Harris for a motion to go into executive session. After a brief executive session the senate adjourned.

In the House.

Washington, June 1.—General Siekles introduced and the house passed a resolution instructing the secretary of war

to do what is necessary under the act of March 3, 1863, for the preservation of the Gettysburg battlefield.

The bill for an additional judge for the northern district of Illinois passed, after which the bill to repeal the tax on that bank alreadation was taken any March to the control of t state bank circulation was taken up. Mr. Black of Georgia resuming his speech in favor of repeal.

Mr. Black was followed by Mr. Walker (Rep., Mass.) whose speech glasses to fit. We can give you the evoked rounds of Democratic applause names of hundreds from our prescription on account of the advanced position he took in favor of an extension and enlargement of the bank note system. The other speakers of the day were Messrs. McLaurin of South Carolina and Mr. Wheeler of Alabama, who favored the repeal of the state bank tax.
The house, at 5:05 o'clock, adjourned.

The track was covered with debris, causing a considerable delay to the train. The damage done is considerable.

IN CALIFORNIA.

A Kentuckian Writes of Politics, the Crops, the Midwinter Fair and "Sandow."

'In a letter from San Francisco to the Bulletin Mr. H. M. Owens writes as follows of the crops, polities, &c:

Wheat is coming out and will be a good crop. Fruit is looking fine; prospects of a large yield. Money crop very searce and hard to get at any price. The political outlook so far seems to be a little shaky, each side laying foundations well. There are about five sides this time. However, people who know much about polities coneede that the Democrats will elect most of their ticket.

The Midwinter Fair is doing well, having a good attendance and on a paying basis. We have a variety of things going on at present. "Sandow," the perfect man, fought a lion to a finish. Hicks' Predictions For June. Professor Hicks, the St. Louis weather

prophet, says:

June the 3rd brings the new moon and the center of a storm period. By that date a very warm wave will be well advanced from the west, and storm conditions of marked energy will be in MR. B. F. WILLIAMS and wife executed sight to all who read general indications. Watell all storms hetween the 2nd and 6th. A cool dash will follow them. On and touching the 9th and 10th it will grow very warm again, and a series of hard raiu, thunder and wind storms will follow each other daily for several days. From 14th to 17th is a regular period, with a Mercury equinox central on the 16th. Many showers must be expected along here with dangerous showers probable on the black figure day. The 20th and 21st are centers of disturbance, excited by Mereury, Venus and Solstiee crisis. Hard storms, with hail and much lightning, followed by unseasonable cold. From 26th to 30th falls a with some severe storms. Watch them all. Earthquakes and volcanie activity due in June.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by J James Wood.

Against Breckinridge.

VERSAILLES, KY., May 30.—Col. Breckinridge will speak at Midway, Saturday Friday afternoon a mass meeting will be held in Versailles to protest against Breckinridge's candidacy for Congress, and it is believed it will be attended by court house. A. J. Alexander, Dr. R. S. Hart, Lister Witherspoon, ex-Representative Samuel Shouse and John Amsden, President of the bank of Amsden & Co., men of great influence, are leading the movement, and there will be some vigorous resolutions passed.
